WELCOME TO Sweet Home Alabama

In 1939, Alabama returned to use of a seal inspired by the 1818 original. It is the dominant icon of the state 200 years after statehood.

From 1868 to 1939, the Reconstruction era state seal featured a bald eagle on an American shield.

A scroll map against a tree was a recurring image used by the state, even on buttons for state militia uniforms.

The 1818 seal of the Alabama Territory, which featured its extensive river system, was used as the State Seal for 90 years.

State icons over 200 years

Governor Kay Ivey

As governor, I'm delighted to welcome you to Sweet Home Alabama. Visit www.alabama.travel to explore the delightful experiences that await you.
