Tips for the Ride

- **Use bike boxes to make turns** — The box gives you space at red lights for a head start or making turns.
- **Stay 3 feet from parked cars** — If cars can't pass you with three feet to spare, take the lane.
- **Watch for turning cars** — Merge in front of or behind turning cars. Take the full lane & don't hug the curb.
- **Trucks have large blind spots** — Give them extra room.
